

A Breath of Fresh Air!

Introducing the Barnes Distribution Pneumatic Connector Products Leak Free Solution

MAKING THE RIGHT CONNECTION:

When it comes to keeping your pneumatic systems running most efficiently, there is much to know - hose, tubing, fittings, filters, regulators - the list goes on. Let Barnes Distribution provide the solution.

A Fitting Choice:

Having the right part at the right time is critical, especially when it comes to safe leak free pneumatic connector and component selection. The correct quality pneumatic components prevent system inefficiencies and air leaks which lead to increased energy costs and compressor maintenance due to frequent cycling.

Barnes Distribution Has The Solution!

Barnes Distribution offers a complete line of the highest quality pneumatic connectors and components providing you with the confidence of a safe leak free solution every time. Through our time proven on site service, highly trained sales personnel, wireless Point of Purchase (POP) information and technical manufacturer support network, we are able to optimize your inventory of pneumatic components.

Our Solution Includes:

- Free Initial Consultation: Inventory Survey, Cost Analysis and Product recommendation report
- Inventory Organization: Bar-Code labeled with cross-reference options
- Dedicated Service Representative: On-site service to meet your needs
- Summary Billing Option
- 100% Satisfaction Guarantee
- Single Source for All Your Pneumatic Components
